 - Training: trying to get back on track with roadmap reviews
- Discussion:

Education

- News:
 - EMPOWER:
 - Summer 2019: 17 students completed their projects.
 - Fall 2019: 27 students and 15 mentors applied; we are currently reviewing the applications and hope to make decisions and notifications by the end of this week.
 - Spring 2020: We are currently accepting applications from students and mentors, due November 1.
- Discussion:

XCRI

- News:
 - Cluster training conducted at GMU, interest at Clark-Atlanta
 - first non-PEARC group training
- Discussion:
 - CRI would like to leverage portal for tracking attendees as we go forward with larger group training items
 - Our startup lead time is long...what to calculate as we finish out the last months of XSEDE2?

Training

- News:
 - We have a training flyer/postcard!
 - All monthly workshop topics are on youtube.com/XSEDETraining
 - ECSS staff training topics: opportunities?
 - Roadmaps: improve review procedure, target appropriate topics
- Discussion: Continue to deliver training plus:
 - Improved New User training?
 - Review more materials?
 - Content with input from SPs, ... ?
