5. Education
 - a. ACSC Curriculum Development – second module in a box is ready for review and will be presented to the C2Exchange faculty. Rosie, Dawn, and Kelly should be invited to attend. There may be use for the modules in a box for student programs.
 - b. ACSC Faculty Workshops – Registration is set up and open without a password. Linda et al will promote including using ER and MRC lists and previous participants.
 - c. Computational Chemistry for Educators – registration is open, and response is strong. Already in waitlist status for anyone registering. Linda requested early information on applicants and how many are at MSIs or URM that may be eligible for BP stipends.
6. EMPOWER – review of summer applicants is complete, and 30 students have been invited with additional students on the waiting list.
7. Terminology Task Force – Subtasks are expected to be done by 4/26 meeting. The 4/26 meeting will be a run through of the staff training. Roll out of the training to area leads planned for 5/10. Linda will invite John and Kelly to the 4/26 in case they would like an early look at the proposed training.
8. Training – Susan
 - a. Results of New User survey data shows that there wasn't significant ratings difference between the old and new versions. However, the sample size is small (2 – 3 surveys per webinar) and not sure can use this to fully determine impact of presentation improvements. Will continue to monitor.
 - b. Confirmed YouTube content submission and review plan approved by Tom Maiden, Linda Akli, and Jay Alameda and Susan can move forward with implementation.
