Discovery Environment

# Education/Training Discussion

# CEE-BP Discussion Topics

## Measuring Success and Continual Improvement

- use of observation from multiple vantage points and with different benchmarks
- and post-workshop survey data

## Purpose of XSEDE Sponsored Training

- developing content knowledge, creating new users, enhancing researchers productivity

## Cultural Competency and Understanding the Mission

- gatekeeping or door opening

## New User Burden

- create a portal account if they don't have one
- register for the workshop
- load software on their laptop or in the lab if one is available
- set up DUO for two-factor authentication
- setup Globus personal endpoint to transfer files
- the number of accounts
- understanding where a function is occurring or where the data is hosted

# Training Discussion Topics/Updates

- All events should include the Code of Conduct slide found on the [single slide repository](#) page.
- If you plan to use photos from an XSEDE event, ask your attendees to sign the [Talent Release](#) form.
- [Course catalog](#) has been updated; input welcome
- New tab coming for badges
- YouTube – 4<sup>th</sup> workshop will be posted this month
- Most training requests from last solicitation are in work
- Roadmap development pipeline in place
- CCRS
- Training input wanted

# Open Discussion

# Wrapup

Was this meeting useful? If so:

- When/where should we hold it?  
E.g. All quarterly meetings, or in-person quarterly meetings, or regular calls?
- Meeting plan/structure for next time
