

# WBS 2.2.4 ESCC: Extended Support for Community Codes

## Mission Statement

Extended Support for Research Teams (ESRT) accelerates scientific discovery by collaborating with researchers, engineers, and scholars in order to optimize their application codes, improve their work and data flows, and increase the effectiveness of their use of XSEDE digital infrastructure.

## Goals, Metrics & KPIs

### Metrics

Metric	Target
# of projects initiated	10/yr
# of projects discontinued	N/A
# of project with workplans	10/yr
completion of final reports within 3 months	85%
# of applicable XSEDE community code documentation	N/A
# of PI interviews	N/A

### KPIs

KPI	Target	Goal Supported
# of completed projects	10/yr	Deepen/Extend – Deepening use to existing communities
Average satisfaction with ESCC support from PI follow-up interviews (1-5 point Likert scale)	4.5	Deepen/Extend – Deepening use to existing communities
Average impact rating from PI follow-up interviews (1-5 point Likert scale)	4.0	Deepen/Extend – Deepening use to existing communities
