- Clarify XSEDE software repository - REC-138
  - XSEDE is potentially vulnerable talking about the XSEDE software repository. Potentially duplicating other software repositories. We need to explain why it is different and why it is worth developing your own
  - **Answer:** Now named Research Software Portal to avoid confusion – goal is to provide a single point of information about available software.
- State how activities are driven by community - REC-139
  - add something up front about how activities are driven by the community.
- Clarify process/decisions - REC-140
  - there are some things you do that have gone through UREP vs. internally decided-if I were a reviewer, I would like to know. Be precise in your language on these slides about how decision was made and why
