

2017-10-03 Meeting notes

Date

03 Oct 2017

Attendees

- [Scott Wells](#)
- [Victor Hazlewood](#)
- [Gary Rogers](#)
- [Adam Slagell](#)
- [Jim Marsteller](#)
- [Mike Pingleton](#)
- [Gregory Peterson](#)

Agenda

- Update on next round of XSEDE reporting
- XSEDE mid-year review (Jan 11-12, 2018): What Operations needs to accomplish by this time. Most likely Greg and Adam will attend for Operations
- There are items from the summer review that will need to be accomplished by the time this review happens. Those should be high priority items from now until Jan 11.
- SysOps/Security coordination: items are heating up for more coordination and collaboration between SysOps for XES and Qualys scanning /feedback. Let's brainstorm and consider one or more coordination meetings with Security team and SysOps team to get the XES index info validated/vetted and get the scanning and scanning issue resolution process defined and implemented
- DTS: we could start looking at all of the SPs that collect log_transfer data and make sure that the SPs are reporting XSEDE user log_transfer data so the DTS group can have access to that info
- Ticket review
- Manager coordination

Discussion items

Time	Item	Who	Notes
2 min	Update on next round of XSEDE reporting	Scott	<ul style="list-style-type: none">• Scott mentioned the next report in November covering Aug-Oct.<ul style="list-style-type: none">• Templates will be sent out as usual• Due back to Scott Nov 2-3.
8min	XSEDE mid-year review (Jan 11-12, 2018): What Operations needs to accomplish by this time.	Greg	<ul style="list-style-type: none">• Most likely Greg and Adam will attend for Operations<ul style="list-style-type: none">• There are items from the summer review that will need to be accomplished by the time this review happens.• The main topic for Ops is the security incident and recommendations .• Changes to education allocation based accounts and change in policy about requiring PIs to revalidate users on accounts.• Also the centralized syslog server.• Should be prepared to discuss ticket information, DTS work and SysOps activities. Those should be high priority items from now until Jan 11.
