Activities

Activity	XSEDE Sub-goal Supported	Comments
ESTEO: Mentor campus champion fellows	Enhance the array of technical expertise and support services	Mentor champion fellows as an adjunct activity with an existing ECSS project
ESTEO: Work across XSEDE to deliver live training events	Preparing the current and next generation	Deliver live, in-person and web-based training, preferably hands-on
ESTEO: Orchestrate ECSS internal training seminars	Enhance the array of technical expertise and support services	Extend ECSS group members knowledge to better support new resources, new computational methods, etc.
ESTEO: Respond to requests for service	Effective virtual organization	Review papers, proposals, serve on conference committees, etc
ESTEO: Review training modules	Preparing the current and next generation	Participate in formal Community Enrichment and Engagement (CEE) Training review process , review dashboard
ESTEO: Produce training modules	Preparing the current and next generation	We have a number of candidate projects available at the New Training Development Page . These are available you to assign to yourself, if you have some time, we also will assign high-priority developments as needed.
ESTEO: Retire training modules	Preparing the current and next generation	Very ad-hoc, if you see a module that should be retired rather than fixed, then open an issue and assign it to the ESTEO lead to be handled.
ESTEO: Support Meetings and BoFs	Raise awareness of the value of advanced digital services	Very broad, this fits into many outreach activities we may be involved in.
ESTEO: Mentoring	Preparing the current and next generation	Many ESTEO staff mentor students, this is any mentoring activity except campus champion fellows mentoring.
ESTEO: Produce and present talks and presentations	Raise awareness of the value of advanced digital services	Very broad, this fits into many outreach activities we may be involved in.
ESTEO: Review Education Proposals	Preparing the current and next generation	Some ESTEO staff are involved in education allocation reviews, this is an ongoing activity.
ESTEO: Support campus champions (staff role)	Effective virtual organization	Support of campus champions is evolving with a push for sustainability for the group, as well as presenting training opportunities similar to what we offer our staff.
ESTEO: Manage US participation in International HPC Summer School	Preparing the current and next generation	Lead of US effort, management of local logistics when summer school is sited in US, coordinating of US participation in general. Preparation of proposal to support US participants in summer school
