

# XSEDE Training Project Description: New Staff Guide

XSEDE proposes to develop a New Staff Guide designed for new XSEDE staff to become familiar with the many different parts of XSEDE. A working document has been created containing a list of priorities and survey assessment questions for key personnel to help guide content design and development. The document is available at the link below. If you would like access to it, please send a request to [esale@ucsd.edu](mailto:esale@ucsd.edu).

## In Development: New Staff Guide

The [New Staff Guide](#) is currently a work-in-progress and undergoing final evaluation before being distributed to a broader XSEDE audience.
